TRELLO :

Trello is web-based project management tool that empowers a team to manage any type of project, workflow or task tracking. It also comes with the benefit of adding the files, checklists, automation etc.

- ❖ Project overview on board
- ❖ Projects and tasks management
- ❖ Simple and fast
- ❖ Can assign other users
- ❖ Handle medium level projects with ease

TRELLO (Contd.)

- ❖ Easy Drag and Drop & Editing
- ❖ Detailed & Quick Overviewing of Front/Back Cards
- ❖ In-Line Editing
- ❖ Card Records Archive
- ❖ Progress Meter Checklist
- ❖ Organize with label, tag and comments
- ❖ Easy to upload
- ❖ Availability of file attachment

SLACK:

Slack assists in keeping information visible and understandable so even the smallest deliverables are not overlooked. Share files or documents in project channels so that even new hires have access to the information they need to advance work.

- ❖ Organized conversation in channel
- ❖ Together all shared ideas
- ❖ Make decisions and move forward
- ❖ Operate project team faster
- ❖ Keep project members in sync

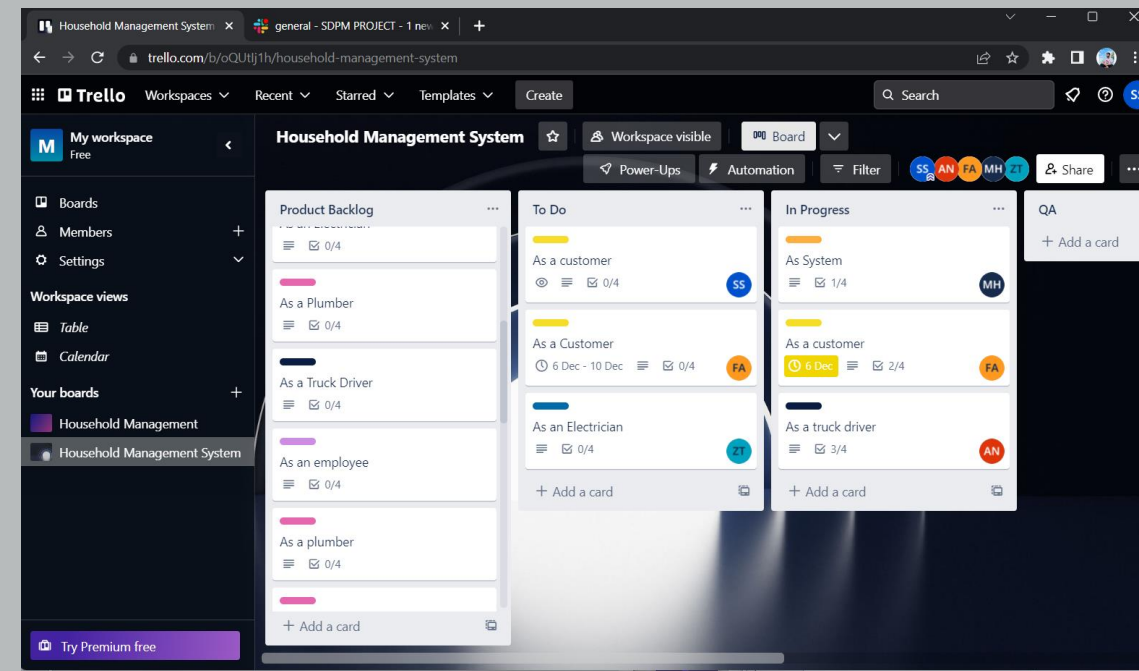

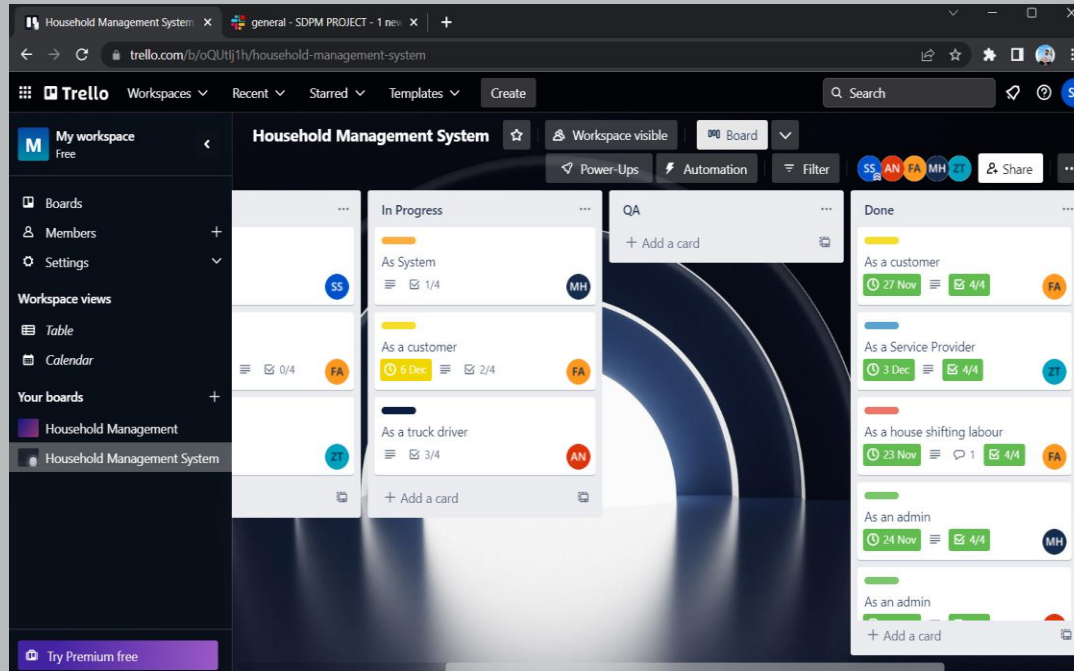

SLACK (Contd.)

- ❖ Does not offer a lot of storage to users
- ❖ Restriction on saving files and documents
- ❖ Requires subscription to use it to maximum impact
